PROFESSIONAL SUMMARY

Passionate Computer Science undergraduate specializing in Artificial Intelligence & Machine Learning with hands-on experience in machine learning, python, sql, etl. Solid foundation in Data Structures, Algorithms, Object-Oriented Programming (OOP), and Problem Solving, with experience building scalable web applications, RESTful APIs, and cloud solutions.

WORK EXPERIENCE

About Me

Passionate Computer Science undergraduate specializing in Artificial Intelligence & Machine Learning with hands-on experience in Java Full Stack Development, Machine Learning, and Cloud Computing through internships and real-world projects. Strong foundation in Data Structures & Algorithms, Object-Oriented Programming (OOP), and Problem Solving, with experience building scalable web applications, RESTful APIs, and AI-driven solutions. Committed to continuous learning, adapting to emerging technologies, and developing innovative software solutions.

Education

Technical Skills

Strongest Areas: AWS Data Engineering | Java Full Stack | AI/ML | Problem Solving | Data Structures & Algorithms | OOPs

Programming Languages: Java | C | Python | JavaScript | SQL

Cloud & Data: AWS | IAM | S3 | Glue | Crawlers | Athena | CloudFormation | Azure

Frameworks & Technologies: React.js | Node.js | Express.js | REST APIs | TensorFlow | OpenCV | Hugging Face

Database & Tools: MySQL | Git | GitHub | VS Code | Docker | Jenkins | Maven | XAMPP | Weka | WireShark

Work Experience

AWS Data Engineer Intern July 2026 – Aug 2026

- Gained hands-on experience with AWS IAM, S3, Glue, Crawlers, Athena, and CloudFormation for data engineering workflows.
- Practiced data ingestion, ETL, data cataloging, transformation, SQL-based querying, and cloud-based data lake architecture using

AWS services.

Java Full Stack Intern – Lumora Systems (OFFLINE) May 2026 – July 2026

- Developed a full-stack healthcare management system using React.js, Node.js, Express.js, and MySQL.
- Built RESTful APIs, implemented role-based authentication, database integration, and user-specific application workflows.

Cloud Computing Virtual Intern (AWS & Azure) – ExcelR (APSCHE)

- Gained hands-on understanding of cloud computing concepts using Microsoft Azure and Amazon Web Services (AWS).

Worked on cloud services, virtual machines, storage, and cloud deployment concepts.

Prompt Engineering Virtual Intern – SkillDzire Academy April 2026 – Jun 2026

- Learned AI prompting, chatbot development, and content generation using OpenAI API, Hugging Face, Midjourney, and DALL·E.

Java Full Stack Developer Virtual Intern Jan 2026 – Mar 2026

- Gained experience in frontend and backend development using Java-based technologies and web application concepts.

Android Developer Virtual Intern Oct 2025 – Dec 2025

- Developed Android application components and explored mobile application development using Android technologies.

Python with AI & ML Trainee – Next Chapter May 2025 – July 2025

- Learned Python with AI & ML concepts, focusing on data processing, machine learning fundamentals, and AI applications.

Projects

CallMedex – Full Stack Healthcare Management System

- Developed a full-stack healthcare management platform using React.js, Node.js, Express.js, and MySQL.
- Implemented REST APIs, role-based authentication, appointment workflows, pharmacy, and diagnostic management modules.

Real-Time Face Mask Detection System

- Developed a computer vision-based face mask detection system using Python, TensorFlow, MobileNetV2, and OpenCV.
- Implemented deep learning techniques for real-time mask classification using webcam input.

InsureAI – Insurance Fraud Detection & Analytics System

- Developed a Streamlit-based fraud detection application using Python and PySpark.
- Implemented data processing, rule-based fraud analysis, and interactive dashboards using Plotly.

Smart Safety & Tourism Support System (SIH 2025)

- Developed a Blockchain-Based solution to improve tourist safety and support services.

Designed secure data management features for smart assistance and safety monitoring.

Achievements & Extracurricular Activities

ETSO – Second Level Qualifier, Gold Medalist, and Scientific Calculator Awardee.

GDG on Campus – Recognized Participant (Awarded Points & Goodies).

AIMERS Club – Open Source Contributor Lead.

Certifications

Data Analytics with Python – NPTEL (IIT Roorkee) | Silver Elite

Hedera Certifications (HCF, HBF & HCDA) – The Hashgraph Association

Introduction to Generative AI – IBM (edX)

Cisco Networking Academy (NetAcad) – Networking Certification

EDUCATION & QUALIFICATIONS

B.Tech (CSE-AI&ML;)	GVPCEW, Visakhapatnam (NAAC A) — 8.24 CGPA — 2023-Present
Senior Secondary	Chaitanya Junior College, Visakhapatnam — 90.3% — 2021-2023
Secondary (High School)	Sri Chaitanya Techno School — 100% — 2020-2021
